ENTERPRISE ACCOUNT EXECUTIVE | STRATEGIC ACCOUNTS | SaaS & AI Platforms

Enterprise Account Executive with 20+ years of consultative selling and strategic account management across complex commercial and government accounts in Singapore and Malaysia. Proven track record of closing and expanding high-value SaaS and platform deals — from MuleSoft integration at CapitaLand and Salesforce at Keppel, to iPaaS automation at GovTech and license consolidation at MISC (\$3.5M). Deep relationships across both commercial enterprises (real estate, hospitality, maritime) and government agencies (MTI, MAS, GovTech, IMDA). Strong financial acumen in territory planning, pipeline management, forecasting, and margin optimisation.

CORE COMPETENCIES

- **Strategic Account Management:** CapitaLand, Keppel, MISC, MTI, MAS, GovTech, IMDA — long-term relationship building across commercial and government sectors, formalised tender, and procurement navigation
- **SaaS & Platform Sales:** Salesforce, MuleSoft, Workato iPaaS — from consultative discovery to contract signature, selling platforms alongside implementation services
- **Enterprise Account Growth:** Expanding accounts through strategic upsell/cross-sell; >300% pipeline expansion across Singapore and Malaysia
- **Strategic Orchestration:** Leading cross-functional squads (Architects, Partners, Bid Management, Delivery) to shape proposals and win business
- **Financial Management:** Forecasting accuracy, Pipeline Management, Deal Economics, Deal-cost ownership, MEDDPIC financial qualification
- **AI & Emerging Technology:** Agentic AI, Enterprise MCP, iPaaS automation, AI/ML integration — bridging innovation and business outcomes

PROFESSIONAL EXPERIENCE

Workato Inc | Enterprise Account Executive – SG Public Sector & Malaysia | Sep 2024 – Present

- Own and manage strategic accounts across Singapore government agencies (GovTech, IMDA, Synapse, JTC) and Malaysia commercial enterprises (MISC and subsidiaries), acting as the primary point of contact and trusted advisor for AI-driven automation (iPaaS) adoption.
- Architected MISC's \$3.5M license consolidation deal — the largest enterprise engagement in the Malaysia territory — demonstrating ability to navigate complex multi-subsidiary procurement in commercial accounts.
- Closed the largest expansion deal at >\$1M ARR, a landmark automation platform engagement with Singapore government agencies under MDDI, showcasing ability to navigate complex public sector procurement cycles.
- Drive upsell and cross-sell opportunities by positioning end-to-end automation solutions — from data integration to Agentic AI orchestration — expanding account footprint within each client.
- Architected "automation-first" strategies that serve as the foundation for Agentic AI and Enterprise MCP implementation, aligning technical innovation with policy-led business outcomes.
- Partner closely with solutioning and delivery teams to shape proposals, manage pilot-to-production lifecycles, and ensure successful project outcomes for government stakeholders.
- Achieved >300% expansion of strategic client pipelines within the Singapore Public Sector and Malaysia enterprise accounts through data-led market development and relationship cultivation.
- Developed and executed account plans focused on revenue growth and profitability, utilising CRM-driven insights and consultative selling methodologies (MEDDPIC).

WISEO SAS | Business Development Director – Salesforce & Bespoke Solutions | 2019 – 2024

- Achieved 100–400% of annual quota across 4 consecutive years — demonstrating consistent, repeatable over-performance across enterprise, commercial and government accounts.
- Closed the largest deal at \$5.6M, a landmark Salesforce engagement with MTI (and MTI Family), and MPA — alongside a \$3.5M expansion deal (FY2023) — showcasing ability to both land and grow strategic government accounts.
- Sold and delivered a \$1M Salesforce Services with CapitaLand's Ascott, ST Engineering, Keppel and Razer, supporting MuleSoft as the integration platform as part of digital transformation.
- Managed end-to-end sales of SaaS platforms (Salesforce, MuleSoft), bespoke software, and managed services for both SG, MY and HK Enterprise and Public Sector clients.
- Orchestrated complex, high-stakes engagements by aligning internal technical squads with senior stakeholders across government (MTI, MAS) and enterprise (CapitaLand, Keppel, Kuok Group etc) accounts.
- Led formalised tendering processes and pilot-to-production cycles, transforming "off-the-shelf" limitations into tailored, high-impact outcomes.
- Monitor account financials, including services revenue tracking, pipeline forecasting, and margin management across the portfolio.

ARM UK | Business Development / Staff Engineer – IoT Platform & Security Solutions | 2018 – 2019

- Bridged IT & OT for Telcos and Enterprises, leveraging IoT innovations and cybersecurity solutions to drive business outcomes.
- Managed strategic accounts and identified cross-sell opportunities for ARM's IoT platform and security product portfolio.
- Drove cybersecurity and infrastructure engagements with GovTech, positioning ARM's security solutions for government digital infrastructure programmes.
- Built deep domain expertise in telecommunications infrastructure and network security, advising Telcos on securing IoT deployments at scale.

NCS Group | Client Partner / Enterprise Sales Lead, Global Business | 2016 – 2018

- Owned and grew strategic accounts in SG and HK, acting as the primary engagement for Telco and Smart City initiatives driving digital transformation.
- Drove upsell and cross-sell of end-to-end IT/OT solutions — managed services, analytics, cybersecurity, and infrastructure
- Partnered with solutioning and delivery teams to shape proposals, win competitive tenders, and oversee end-to-end delivery ensuring projects met contractual commitments and client KPIs.
- Maintained high levels of client satisfaction through consistent engagement and successful delivery outcomes across multiple concurrent programmes.
- Managed complex, multi-stakeholder engagements across government agencies, navigating formalised procurement and tendering processes.

Actility SA | Business Development Director – Enterprise and Telco Solutions | 2015 – 2016

- Acted as Regional Technical Sales Director for APAC, securing major IoT and Smart City projects, including IDA's Smart Nation initiative, working closely with CISCO and ST Engineering
- Drove account growth through consultative engagement with enterprise and government stakeholders.

DigitalRoute AB | Business Development Director – Telco Solutions | 2011 – 2015

- Managed regional technical sales across APAC, opening new markets in Greater China and ANZ.
- Won a major project with Jio Reliance, demonstrating ability to penetrate new markets and close large-scale deals.
- Sold network infrastructure and data mediation solutions to Tier-1 Telcos across APAC, building deep expertise in telecommunications infrastructure and BSS/OSS platforms.

Comverse Inc (now Amdocs) | Business Development Manager – Telco Solutions | 2008 – 2011

- Led a regional sales and presales team in Southeast Asia, achieving the largest global win for a new Mobile Advertising Platform at SingTel.
- Delivered network infrastructure and BSS/OSS solutions to major Telcos, building foundational expertise in telecommunications infrastructure sales.

Logica (now CGI) | Senior Solution Consultant, Presales – Telco Solutions | 2005 – 2008

- Delivered technical consultancy and business analysis for large-scale enterprise system integrations.
- Developed foundational expertise in complex system architecture and project governance.

SingTel & Optus | Senior Manager in Group IT – Business Solutions | 2003 – 2005

- Managed large-scale transformation projects and led functional requirement development for enterprise IT systems.

Capgemini | Senior Consultant – Telco & Digital | 2000 – 2003

- Led strategic accounts for Tier-1 Telco providers in APAC & Europe, focusing on digital customer experience and BSS/OSS modernisation.
- Orchestrated large-scale consulting engagements, moving clients from legacy hardware-centric models to software-defined architectures.
- Managed complex delivery ecosystems involving third-party vendors and internal offshore delivery centres.
- Delivered network infrastructure and system integration projects for Telco clients, including BSS/OSS transformation and infrastructure modernisation.

KEY INDUSTRY IMPACT

- **Complex Multi-Stakeholder Engagements:** Orchestrated high-value deals across both commercial and government accounts — from MISC's \$3.5M license consolidation and Capitaland/Ascott's \$1M Salesforce services engagement, to MTI's \$5.6M (eventually \$10M) Salesforce license and services programme.
- **SaaS Platform + Services Selling:** Demonstrated repeatable success selling SaaS platforms (Salesforce, MuleSoft, Workato etc) alongside implementation and managed services — a hybrid model that drives deeper account penetration and higher lifetime value.
- **Territory Building & Market Development:** Achieved >300% pipeline expansion across Singapore and Malaysia through data-led market development, cultivating relationships across real estate, hospitality, maritime, and government verticals.

EDUCATION & CERTIFICATIONS

- **AixTech** — AI Singapore, Nanyang Technological University (NTU)
- **FlexiMasters in Artificial Intelligence and AI Ethics** — Nanyang Technological University (NTU)
Coursework: LLMs, Deep Learning, Responsible and Ethical AI
- **Specialist Diploma (Business and Big Data Analytics)** — Nanyang Polytechnic
