PROFESSIONAL PROFILE

Enterprise Sales Lead | Digital Natives & ISV Ecosystems | Cloud & AI Transformation

Entrepreneurial and high-performance Enterprise Account Executive with over 15 years of experience driving ambitious growth and complex digital transformations across APAC. A strategic hunter who excels at building trust with C-suite decision-makers and architecting joint Go-To-Market (GTM) business plans that drive competitive share and platform consumption. Blends deep technical proficiency in software engineering, cloud infrastructure, and AI with consultative sales excellence to help mid-stage startups, ISVs, and enterprise clients realize life-changing business outcomes. Proven track record of shaping scale-up GTM strategies and orchestrating cross-functional teams to deliver comprehensive joint solutions.

CORE COMPETENCIES

- **Strategic Account Management:** Joint GTM Business Planning, Pipeline Prioritization, Cross-Selling/Up-Selling, and Rhythm of Business (RoB) Execution.
- **Ecosystem Orchestration:** Driving alignment across Engineering, Marketing, Partners, and Business Development to execute complex cloud and AI deals.
- **Technical & Cloud Fluency:** Software Engineering background, Cloud Infrastructure positioning, SaaS, Agentic AI, and Data Architectures.
- **Customer-Centric Value Realization:** Translating technical features into C-level business impact, establishing success measures, and mitigating competitive risk.

PROFESSIONAL EXPERIENCE

Workato Inc | Enterprise Account Executive – SG Public Sector and Malaysia | Sep 2024

- **Entrepreneurial Scale-Up Leadership:** Operate as an entrepreneurial leader within a fast-growing Series E tech environment, shaping GTM strategies and driving the adoption of SaaS, Agentic AI, and integration architectures across high-value strategic accounts.
- **Microsoft Ecosystem Synergies:** Successfully sell direct to large, established Microsoft enterprise customers, expertly positioning cloud infrastructure alongside advanced SaaS and AI orchestration to drive comprehensive business transformations.
- **Joint GTM & Partner Orchestration:** Architect "automation-first" joint business plans, collaborating closely with external partners and internal technical squads to define Go-To-Market strategies that accelerate customer value and mutual revenue growth

WISEO SAS | Business Development Director – Salesforce & Bespoke Solutions | 2019 - 2024

- **Complex Account & Partner Governance:** Oversaw complex, multi-million dollar digital transformation portfolios, leading virtual teams and embracing partners to scale business through rigorous joint account governance.
- **Value-Proposition Architecting:** Leveraged consultative listening to disrupt customer mindsets, shifting clients from legacy infrastructure to modernized, software-defined, and AI-enabled cloud architectures.
- **Joint Co-Selling Execution:** Expanded networks of key internal and external stakeholders, consistently working on joint business plans with ecosystem partners to drive integrated solutions and achieve aggressive consumption targets

ARM & Actility SA | Business Development Director – APAC (IoT Scale-ups) | 2015 – 2019

- **Startup Ecosystem GTM:** Acted as Regional Technical Sales Director for high-growth IoT scale-ups, instrumental in shaping their early Go-To-Market strategies and opening new markets across Greater China, ANZ, and SEA.
- **Technical Sales & Cloud Positioning:** Leveraged early exposure to cloud technologies and a foundational software engineering background to position complex, real-time IoT architectures and cloud infrastructure directly to Telcos and global enterprises.

Capgemini, Logica, DigitalRoute & NCS | Strategic Partner Sales & Consulting | 2000 – 2018

- **Partner Orchestration:** Consistently built and executed joint Go-To-Market strategies and business plans alongside major global partners, ensuring excellence in execution from the initial pipeline generation to complex deal closures.
- **Technical Advisory:** Translated complex technical systems into C-level business impact, establishing strong Rhythms of Business (RoB) and long-term trusted advisor relationships with clients across APAC

KEY INDUSTRY IMPACT

Strategic Stakeholder Management: Orchestrated complex, high-stakes public sector engagements by aligning internal technical squads with senior government stakeholders at MTI and MAS to deliver bespoke solutions valued at over \$15M.

- **Consultative Tendering & Solutions:** Successfully led multiple complex, formalized tendering processes and pilot-to-production cycles, transforming "off-the-shelf" limitations into tailored, high-impact organizational outcomes.
- **Data-Led Market Expansion:** Utilized CRM-driven insights to identify and cultivate new sector relationships, resulting in a 300% expansion of strategic client pipelines within the Singapore Public Sector.

TECHNICAL SKILLS & CERTIFICATIONS

- **Cloud/AI:** Claude, OpenAI, Azure AI Stack, Salesforce, Workato Agentic, MLOps.
- **Methodologies:** Consultative Selling, Agile/Scrum, ITIL, Design Thinking, MEDDPICC.
- **Languages:** English (Fluent), Mandarin (Professional Working Proficiency).

FlexiMasters in Artificial Intelligence and AI Ethics: Nanyang Technological University (NTU), with coursework including LLMs, Deep Learning and Responsible AI.

Specialist Diploma (Business and Big Data Analytics): Nanyang Polytechnic

Master of Technology (Software Engineering) and Bachelor of Science (Computer Science): Institute of Systems Science (ISS) and National University of Singapore (NUS).
