PROFESSIONAL SUMMARY

Enterprise Account Executive with 20+ years driving new-logo acquisition and complex technical sales for Data, AI, and integration platforms across APAC enterprises. Hands-on experience selling and solutioning directly on Lakehouse architectures, including building a semantic layer and MCP-driven demos spanning Snowflake, Databricks and Microsoft Data Fabric environments. Consistent track record of exceeding quota (both ARR and Services) and penetrating new markets and accounts (Malaysia, Thailand, Vietnam, Indonesia, Greater China, ANZ) across regulated, long-cycle enterprise environments — complemented by deep technical fluency in open-source tech stacks like Kafka, Iceberg, Flink, and Polaris.

CORE COMPETENCIES

- **Direct Snowflake & AI Platform Experience:** Work with team to build data semantic layer over Snowflake, integrated MCP tools to demo in customer POCs and trials across the region — hands-on technical credibility for discovery calls with architects and data teams
- **New-Logo & Net-New Pipeline Development:** Track record penetrating new markets and accounts — across SEA, North Asia (including Greater China) and ANZ market entry, largest global win at SingTel Group — alongside disciplined territory and account planning
- **Data, Messaging & Integration:** Apache Iceberg, Kafka, Flink, Polaris, Solace, RTI DDS, TIBCO, Big Data Analytics, Data Pipeline Architecture, Applied ML, Agentic AI, Enterprise MCP
- **BI Platforms & Reporting:** Hands-on Tableau and Power BI (build + evaluations/POCs), reinforced through Specialist Diploma in Business and Big Data Analytics
- **Consultative & Complex Sales:** MEDDPICC, Challenger Sale, quota-carrying new-logo and expansion selling, executive stakeholder engagement (C-Suite to technical architects)
- **Cross-Functional Deal Orchestration:** Partnering with Solutions Engineering, delivery, partners, legal, and finance to shape proposals and accelerate deal progression — directly relevant to Snowflake's cross-functional GTM model
- **Regulated, Long-Cycle Enterprise Selling:** Deep experience across Telcos, FSI, GLCs, property/asset management, conglomerates, transportation, and Public Sector — navigating formalized procurement and multi-stakeholder buying processes

PROFESSIONAL EXPERIENCE

Workato Inc | Enterprise Account Executive — SG & Malaysia Enterprise Accounts *Sep 2024 –*

- Managed team to custom build and demo a data semantic layer with MCP Server over Workato's operational data on Snowflake, in customer POCs and paid trials — showing how LLMs can leverage the semantic layer to reason and analyse, as well as producing real-time reports and dashboards just from natural-language prompts.
- **Achieved 125% of annual quota**, generating **\$1.5M ARR** in revenue — demonstrating consistent over-performance in a territory requiring deep consultative engagement using the Agentic AI use cases.
- Architected "automation-first" strategies that serve as the foundation for Agentic AI and Enterprise MCP implementation, aligning technical innovation with business outcomes for stakeholders moving from static, manual processes to AI-driven decisioning.
- Own and manage strategic accounts across Singapore and Malaysia, acting as the primary point of contact and trusted advisor for AI-driven automation (iPaaS) adoption.
- Drive upsell and cross-sell opportunities by positioning end-to-end automation solutions — from data integration to Agentic AI orchestration — expanding account footprint within each client.
- Partner closely with solutioning and delivery teams to shape proposals, manage pilot-to-production lifecycles, and ensure successful project outcomes for customer stakeholders — the same cross-functional muscle needed to partner with Solutions Engineering.

VEISO SAS | Business Development Director – Salesforce, SAP & Bespoke Solutions 2019 – 2024

- **Achieved 200–400% of annual quota across 3 consecutive years** — \$6M+ cumulative revenue on targets of ~\$3M (FY2020 – FY2024), demonstrating consistent, repeatable over-performance.
- **Closed the lighthouse deal at \$5.6M**, a landmark engagement with senior stakeholders, followed by a \$3.5M expansion deal (FY2023) — showcasing ability to both land new accounts and grow existing ones.
- Managed end-to-end sales of SaaS and bespoke development for enterprise clients, specializing in high-touch consultative engagements across regulated accounts spanning FSI, GLCs, and Public Sector.
- Developed and executed account plans focused on revenue growth and profitability, utilising CRM-driven insights and consultative selling methodologies (MEDDPICC).

ARM UK | Business Development/Staff Engineer – IoT Platform 2018 – 2019

- Bridged IT & OT for Telcos and Enterprises, deploying IoT data platforms for Smart City use cases across enterprise and public infrastructure clients.
- Covered mainly Greater China and Southeast Asia (Indonesia, Thailand, Malaysia and Singapore) where IoT and device adoption has the highest penetration.

NCS, SingTel Group | Solution Sales Lead, Smart City for SG and Global Business Group 2016 – 2018

- Led digital transformation bids integrating applied ML (predictive analytics, optimization) into large-scale platforms, underpinned by RTI DDS real-time messaging for sensor and transport data.
- Drove upsell and cross-sell of end-to-end IT services — application development, managed services, cloud, analytics, cybersecurity, and infrastructure — across assigned accounts.
- Partnered with solutioning and delivery teams to shape proposals, win competitive tenders, and oversee end-to-end delivery ensuring projects met contractual commitments and client KPIs.

Actility SA | Business Development Director – Telco Solutions 2015 – 2016

- Acted as Regional Technical Sales Director for APAC, securing major IoT and Smart City projects across government and enterprises, mainly in China, Indonesia, Malaysia, Vietnam and Thailand.

DigitalRoute AB | Business Development Director – Telco Solutions 2011 – 2015

- Managed regional technical sales across APAC, **opening new markets in Greater China, India and ANZ.**
- **Won a major project with Jio Reliance and China Mobile**, demonstrating ability to penetrate new markets and close large-scale deals.
- Sold data mediation solutions to Tier-1 Telcos across APAC, building deep expertise in telecommunications infrastructure and BSS/OSS platforms.

Converse Inc (Amdocs) | Business Development Manager – Telco Solutions 2008 – 2011

- Led a regional sales and presales team in Southeast Asia, achieving the largest global win for a new Mobile Advertising Platform at SingTel & Associates — a \$5M+ 3-year contract recognized with the Most Innovative Product Award.

Logica (now CGI) | Presales & Senior Solution Consultant – Telco Solutions 2005 – 2008

- Served as a product specialist within Logica's Telco product unit (messaging, mobile payment), serving generalist Sales teams across multiple markets in an overlay capacity — direct experience in the specialist/overlay model.
- Delivered technical consultancy and business analysis for large-scale enterprise system integrations, developing TIBCO-based middleware architecture expertise.

SingTel & Optus | Senior Manager in Group IT – Business Solutions 2003 – 2005

- Managed large-scale transformation projects and led functional requirement development, including early TIBCO middleware integration initiatives.

Capgemini | Senior Consultant – Telco & Digital 2000 – 2003

- Led strategic accounts for Tier-1 Telco and Financial Services providers in APAC & Europe — including American Express and Mobile Payments programs for Telcos — focusing on digital customer experience and BSS/OSS modernization.

EDUCATION & CERTIFICATIONS

- **AixTech:** AI Singapore, NTU — Power-Up phase + 12-month Master phase (prompt engineering, agent development, MCPs & tools, agentic product development)
- **FlexiMasters in Artificial Intelligence and AI Ethics:** NTU
- **Specialist Diploma in Business and Big Data Analytics:** Nanyang Polytechnic
- **Master of Technology (Software Engineering):** ISS, NUS
- **Bachelor of Science (Computer Science):** NUS

TECHNICAL SKILLS

- **Cloud / Big Data 2.0:** Snowflake, Apache Iceberg, Flink, Polaris, Spark, Python (RAG, vector search, GenAI)
- **Agentic AI & AI Coding Tools:** Claude, Codex, GitHub Copilot, Kiro, Google Antigravity, Workato Agentic
- **Messaging & Streaming:** Apache Kafka, Solace PubSub+, RTI Connex DDS, TIBCO EMS/BusinessWorks
- **Methodologies:** MEDDPICC, Challenger Sale, Consultative Selling, Agile/Scrum, ITIL, Design Thinking
- **Languages:** English (Fluent), Mandarin (Professional Working Proficiency)
